Talent Attraction & Lifelong Empowerment for New Technologies

Hochschule Bonn-Rhein-Sieg
University of Applied Sciences

Empowering global minds for the future of tech & AI at H-BRS

What is the TALENT project?

Welcome to TALENT – Talent Attraction and Lifelong Empowerment for New Technologies, a DAAD-funded project at Hochschule Bonn-Rhein-Sieg University of Applied Sciences (H-BRS), designed to attract, support and integrate highly qualified international talent into Germany´s thriving tech ecosystem.

TALENT empowers outstanding Master's and PhD candidates in Artificial Intelligence and related technologies. Through structured onboarding, academic development, and career matchmaking, we bridge the gap between your academic potential and a high-impact career in German industry or research.

Know more about our offer:

- M. Sc. Autonomous System (ENG)
- M. Sc. Games Technologies (ENG)
- And further study and PhD options

Could TALENT be right for you?

We are looking for ambitious professionals and top graduates from around the globe, particularly from countries such as Cameroon, India, Mexico and Vietnam, who meet the following criteria:

- **Tech and AI Focus:** Passionate about Artificial Intelligence, Autonomous Systems, and related technologies
- **High Achievers:** Strong academic records driven by innovation and problem-solving
- **International Master's and PhD Applicants:** Ready to enroll or currently studying at H-BRS

How TALENT supports your career

Here is your pathway to study and thrive:

1. Recruiting
2. Pre-Arrival Onboarding
3. On-Arrival Onboarding
4. Social Integration
5. Academic Integration
6. Personal Upskilling

7. Academic Upskilling
8. Professional Upskilling
9. Career in Research or Industry
