(extra-occupational)

## Management Accounting and Management Control

**Management Accounting  
and Management Control**

Degree:  
**Master of Science (M.Sc.)**

Accredited by AQAS

Department of  
Management Sciences  
Campus Sankt Augustin

**Bonn-Rhein-Sieg University  
of Applied Sciences**

## Welcome!

In the Master's programme Management Accounting and Management Control, you will be prepared to optimize strategic and operative planning, decision, and structuring processes.

In particular, you will learn how to use the tools of controlling in order to timely detect discrepancies between goals aspired and the realistically achievable, followed by the development of options for action, their evaluation and the decision making process.

You will be qualified to work as a specialist and manager in many different business divisions which require structured and methodical approach. Besides the general management skills, the typical job areas in corporate governance, in controlling, but also in the accounting are at the forefront. Also in Investor Relations and Corporate Finance the acquired skills are demanded.

We are looking forward to supporting your professional development by attending our Master's course.

Prof. Dr. Norbert Seeger  
Head of the Master's course  
Management Accounting  
and Management Control

## Admission Requirements

- Bachelor's degree with 210 credit points or Diploma degree.
- Applicants with a Bachelor's degree of 180 credit points have to complete a so called adaption semester (Master's Prep) before they start the Master's programme.
- The Bachelor and Diploma degree must be related to a study programme in Business Administration.
- For more information about the minimum grade of the Bachelor or Diploma degree please take a look at our website:  
<http://fachbereich01.de/ZulassungControlling.html>;
- Applicants who do not have a German final degree need to have a proof of the language skills which are necessary for the Master's programme, for example the successfully passed German language test "Deutsche Sprachprüfung für den Hochschulzugang" (German language test for the access to higher education; 3<sup>rd</sup> level), TestDaf or an equivalent test.
- Furthermore the applicants have to demonstrate that they have achieved at least 20 credits (ECTS) in the fields of Management Accounting, Financial Accounting, Finance and Taxation in the course of their previous studies.
