International Business Bachelor of Science (BSc)

**Hochschule
Bonn-Rhein-Sieg**
University of Applied Sciences

PROFILE OF DEGREE PROGRAMME

The study programme International Business (BSc) will develop an understanding of international business in a globalised world. Based on the latest theoretical concepts of business administration it aims to equip students with the key business skills to work successfully in an international business environment. Furthermore, the university partners all over the world offer a range of specialisations which will allow the students to deepen their knowledge and achieve their individual goals.

The focus of this Bachelor of Science programme is to teach students how to analyse and solve problems in today's global and multicultural economy. Upon completion of this programme students are enabled to:

- succeed in an international career
- enhance their international mobility
- implement the skills they learned.

Specialisation during the study programme

Students may choose two of the following main specialisation subjects (more are being planned):

- Business-to-Business Marketing
- International Management
- Management Accounting and International Financial Reporting Standards (IFRS)

Students are encouraged to take advantage of the variety of specialisation courses offered while studying abroad.

Characteristics of the study programme

- Mobility window: study up to three semesters abroad
- The learning of another foreign language is mandatory
- Alternating by each semester between the Sankt Augustin and Rheinbach campuses

PROSPECTS

The Bachelor's degree in International Business is an undergraduate degree and as such the basis for the students' future career.

Due to the broad-based education, students will be able to manage different international economic assignments and functions after having completed their studies. The programme will enable them to analyse and solve problems of professional practise, as well as to take on management responsibilities independently. In our days, globalisation has changed the business world. Consequently, internationally operating companies look for qualified and experienced young professionals.

Graduates of our Bachelor's programme in International Business are best prepared to meet these requirements in various business sectors, e.g.:

- Logistics
- Human Resource Management
- Consulting
- Management Accounting and Control
- Finance
- Business Informatics
- Auditing
- Marketing (B2B and B2C)
