Coronavirus

Universal protective measures of H-BRS

- Keep a distance of at least 1.5 metres.
- Stay home if you have cough and fever, or if you lost your sense of smell and taste.
- Wearing a mouth and nose covering within all public areas is mandatory.
- Sneeze into the crook of your arm or into a handkerchief.
- Regularly wash your hands thoroughly.

Stay home if you have cough and fever, or if you lost your sense of smell and taste.
