MIA – Cisco Webex service

<https://mia.h-brs.de> **1** ← Internet address

The screenshot shows the login interface for Hochschule Bonn-Rhein-Sieg MIA. It features a blue header with the university logo and name. Below the header are two input fields: the first contains the username 'mmuste1s' and the second is a masked password field. A 'Next' button is located below the password field. A link for forgotten credentials is provided at the bottom. The page includes a copyright notice for NetIQ Corporation.

2 ← Enter username
(„Fachbereichskürzel“)

3 ← Enter your chosen password

4 → Confirm
(login)

MIA - Cisco Webex service

The screenshot shows the MIA user interface for Hochschule Bonn-Rhein-Sieg. The top navigation bar includes the university logo and name, and the user's name 'MIA'. Below this is a menu with 'Dashboard', 'Application' (selected), 'Tasks', 'Access', and 'People'. The main content area is titled 'Applications' and features a search bar. Under 'Home items', there are five cards: 'My Profile', 'My Approvals', 'My Request History', 'Change My Password', and 'Set Password Reset Prompts'. The 'Administration' section at the bottom contains a card for 'Request Webex Service', which is highlighted with a red border. A green arrow with the number '1' points to this card, and the word 'Choose' is written next to it.

Request Webex Service

Request access to Cisco Webex

The H-BRS allows its staff and students to use Cisco Webex (Meetings & Teams). After acknowledging and submitting this form, an account within our university's organization with Cisco will be created for you.

The following **personal data will be transmitted to Cisco for your account creation:**
Given Name, Surname and your **university's e-mail address**.

Important Information:

- If you **disagree with the transmission** of your Given Name, Surname and your e-mail address to Cisco, **you must not use Webex**. In that case, please abort the process by closing this browser tab.
- Only students currently enrolled at the H-BRS are eligible to use Webex.
- Your account creation does not need to be approved.

After consenting to and submitting this form, you will receive an e-mail at your student mailbox containing an activation link. Please click the link and provide a password for your Webex account. You can then sign on to Cisco Webex Meetings at h-brs.webex.com, via Windows/Mac Software or with an Android/iOS app on your mobile device.

Besides the **Webex Meetings** software (for video conferences), you may additionally and voluntarily use **Webex Teams** (Messaging app). Please be aware, that all Webex Teams users of our university's organization can see and communicate with each other via Teams. This includes not only all of your fellow students, but all employees (e.g. professors and teaching staff) as well. Furthermore, every user can see your online status per default, which can be changed in the options within the Teams software though. **Please refrain from using the Webex Teams app if you do not want this.** You are free to solely use the Webex Meetings app.

If you have **read, understood and accepted the above**, please **tick the box below** and submit your request by clicking "Send".

Should you want to **revoke your consent and delete your Cisco Webex account** at any point in the future, please return to this page, remove the check mark and submit the form once more. Your account will be deleted immediately.

Press Submit to activate the service
