

Quo vadis

1. next steps in the project and beyond

- finalisation of field work and systematic evaluation of the data
- first draft for proposal for sustainable labour migration dashboard
- dissemination of results & networking
- final report and further publications (August 2022)
- simulation game 'sustainable labour migration'
- discussion of research result with single stakeholders upon request

2. future (research) topics/ideas

- framework for sustainable migration capacity development
- mobility without relocation, digital/hybrid return („travelling without moving“, Jamiroquai)
- integration of the ecologic dimension into the SLM framework (Gavonel et al. 2021)
- longitudinal tracer studies, biographic approaches
- smart 'migration infrastructure' (Xiang, Lindquist, 2014) in various migration dimensions (open source peer-to-peer platforms, stakeholder-exchange platforms such as e. g. the 'Kosovo Mobility Platform')

3. linkages to other projects

- LBB recruiting initiative Tunesia (and Morocco)
- construction associations in Hesse, Saxony and Thuringia
- support the study on 'Albanian health workers in Germany' by Kalie Kërpaçi (Aleksander Moisiu University of Durrës) in cooperation with the BICC Bonn International Centre for Conflict
- liaison with management 4 health and Partnership Approaches for Development-oriented Vocational Training and Labour Migration (PAM)
